## Features and Benefits

### ECONYL® Regenerated Fibre

A 100% recycled yarn made from nylon waste such as old carpets, fabric scraps and fishing nets. Through the regeneration process, ECONYL® yarn never loses its virgin qualities which means it can be recycled an infinite amount of times, making it a perfect sustainable fibre solution.

A high performing and track resistant loop pile carpet that ensures no shading marks, fluffing or fading.

Beyond takes the eye on a journey through its visual movement and rich depth of colours that will set the foundation for any interior theme.

The Beyond range is the perfect balance between elegance and organic styling in a carpet design. Its advanced, innovative design provides a textural experience that is versatile, easy to clean and soft under foot.

**Solid shade** carpets may exhibit colour streaking. Tufting of this carpet may incur **shift lines** across the width of the carpet. This is not a manufacturing fault and will not affect the performance of this carpet. ^**Patterned carpets** with directional designs may be subject to pattern distortion. Exact pattern match cannot be guaranteed.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
