Features and Benefits

A Berber for now.

Great Sandy succeeds in delivering an entirely modern Berber hybrid, combining sophisticated style with rustic comfort and feel. Its subtly-dyed woollen 'slubs' blend seamlessly with lightly heathered backgrounds to create a uniquely warm, contemporary look.

Premium pure wool.

Great Sandy is made with a blend of premium quality international wools, sourced from some of the world's finest wool farming districts.

Versatile, highly-textural appearance.

Great Sandy's distinctively textural, non-geometric pattern creates a pleasing point of visual and tactile interest, and enhances almost any modern interior design theme.

Modern, earthy palette.

Great Sandy's carefully constructed blend of practical, earthy colours provides a subtly modern take on the classic berber style, yet remains sufficiently neutral to complement a huge range of soft furnishings and other natural floorings.

Keeps soiling secret.

When accidents occur, Great Sandy's texture, light flecks of colour, and beautiful opaque low shine does an outstanding job of hiding any soiling between vacuums, making it an ideal choice for families.

Farm-grown, not factory-made.

Being a natural fibre, Great Sandy is one of the most environmentally sustainable carpet choices you can make. Once shorn, sheep regrow their wool in less than a year. Plus, when the carpet eventually reaches the end of its life, the yarn is 100% biodegradable.

Specifications

| | |
|---|--|
| Description | Textured Tufted Loop Pile Berber |
| Pile Content | 100% Pure New Wool |
| Gauge | 3/16" |
| Total Pile Weight | 1152g/m ² (34oz/yd ²) |

| Environmental | Quality Assured to ISO 9001 & Environmental Management System 14001. |

Great Sandy complies with Australian standards on low volatile organic compounds and air emissions.

Solid shade carpets may exhibit colour streaking. **Chair mats** are recommended under castor chairs to preserve appearance and avoid premature wear. **Maintenance** The use of a quality vacuum cleaner with turbo or power head adjusted according to the pile height is strongly recommended. **Insect Treatment** All natural fibres are protected with an insect resistant treatment to prevent damage caused by insects. The protection lifespan of this treatment cannot be guaranteed. **Seam sealer** is a mandatory requirement on all carpet seams.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
