Features and Benefits

3-ply premium New Zealand wool.

Made with pure New Zealand wool—considered the world's finest for carpets—Studio is constructed with a clean and crisp tailored-loop pile, designed to highlight the range's stunning colour suite.

Long-lasting performance.

Rated extra heavy duty for both domestic and commercial applications, Studio's long-fibre, heavy-weight 44oz pile will maintain its luxurious feel throughout years of crushing under furniture and foot.

A kaleidoscope of colours.

Studio comes in a carefully considered palette of no less than 16 contemporary, yet timeless colours, including many hard-to-find hues for distinctive feature areas.

Highly versatile design.

Studio's linear 'ribbed' appearance is suitable for any living area. This is complemented by its non-geometric pattern, which enables it to enhance almost any interior theme.

Keeps soiling secret.

When accidents occur, Studio's beautiful opaque low shine will help to prevent soiling catching the eye before the next vacuum.

Solid shade carpets may exhibit colour streaking. **Chair mats** are recommended under castor chairs to preserve appearance and avoid premature wear. Due to the unique manufacturing process, **natural variations** in the thickness of the yarn may appear as lines along the surface of the carpet. While due care has been taken in the manufacturing process of this carpet, **soiling may show more readily** due to the lightness or brightness of some colours. Additional maintenance may be required. Consult a cleaning professional for advice. **Seam sealer** is a mandatory requirement on all carpet seams. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
