

EC Carpet & Fabric Cleaner

EC Carpet & Fabric Cleaner provides a deep clean, effectively lifting dirt, stains, and odours for a fresh, spotless finish. The fast-acting, residue-free formula is gentle yet powerful, making it safe for all carpet and fabric types, even delicate or high-traffic areas. With non-toxic ingredients, it's safe for use around children and pets and leaves a light, refreshing fragrance to enhance your home's atmosphere.

EC Carpet and Fabric Cleaner is a superior stain remover for carpets and upholstery, expertly formulated to tackle a wide range of water-based and oily stains. Its advanced anti-resoiling encapsulation technology prevents future dirt buildup, while its gentle formula protects and cares for fibres.

Features and Benefits

Deep Cleans

Effectively lifts and removes dirt, stains and odours, leaving your carpet fresh and spotless.

Fast Acting

Quickly penetrates carpet fibres, breaking down tough stains and grime for immediate results.

Safe for All Carpets

Gentle formula is safe for use on carpet types, including delicate and high traffic areas.

Residue-Free

No rinse needed. Soil residues dry to a brittle residue for vacuuming away.

Pet and Family Friendly

Non-toxic ingredients make it safe for use around children and pets.

Refreshing Scent

Leaves a light, fresh fragrance, enhancing the overall atmosphere of your home.

Equipment:

To remove fresh stains from carpet & upholstery, you will need:

- EC Carpet & Fabric Cleaner
- EC Microfibre Towel or White Terry Towel
- Carpet Spotting Brush (Optional)

Instructions:

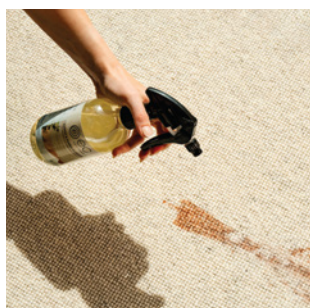

Preparation

Shake the bottle well and remove any debris.

Spot Test

Test on a small, hidden area for colour fastness.

Application

Spray the cleaner directly onto stains or dirty areas.

Blot

Blot with a clean, dry cloth to absorb dirt and excess cleaner.

Dry

Allow it to air dry completely before use. No rinse is required. Residues can be vacuumed after 24 hours.

Note: Always perform a spot test before full application.

FAQs

Is EC Cleaner effective on all types of stains?

EC Cleaner is highly effective and outperforms competitors in removing tough stains like coffee. However, factors such as type of coffee, its heat, and the carpet fiber may influence results. Even with these challenges, EC Cleaner delivers superior performance.

Does EC Cleaner provide long-lasting results?

Yes, EC Cleaner continues working for 3–6 days after cleaning. This "residual activity" helps severe stains fade or disappear over time as its polymers keep acting.

What certifications does EC Cleaner have?

EC Cleaner is certified by WoolSafe & CleanSeal Approval, internationally recognised for ensuring high standards in fiber care and stain removal.

Is EC Cleaner easy to use?

Yes, EC Cleaner is designed for convenience. It features **No-Rinse Formula** (There's no need to rinse after application) and **Non-Resoiling Technology** (Prevents the treated area from attracting dirt, ensuring a clean and lasting result).

These features make it ideal for both residential and commercial carpet care programs.
