SANDGATE

Features and Benefits

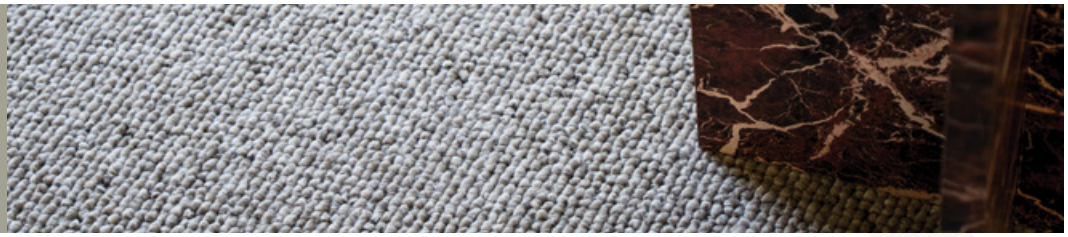

Engineered For Real Life
Crafted using solution dyed nylon, this range is built for high-performance living, offering exceptional durability, resilience, and the ability to withstand the demands of busy homes.

Superior Stain Resistance
Inherent stain resistance is built into every fibre, not applied to the surface. This ensures protection against everyday spills and makes cleaning straightforward and reliable over time.

Colour That Endures
Solution dyed construction locks colour into the fibre, delivering outstanding resistance to fading from sunlight, cleaning, and wear, maintaining a consistent appearance for years.

Comfort With Confidence
Its offset, textured construction delivers a soft, comfortable feel underfoot while retaining its structure and appearance, even in high-traffic areas.
